This brochure has been created to help ensure that the implementation of your student accommodation projects is faster, simpler, and smoother.

Based on our extensive experience and successfully completed projects in furnishing student housing, we understand the challenges of balancing durability, comfort, and design within tight project deadlines. This brochure presents a carefully selected range of the most effective solutions – beds, headboards, wardrobes, and other essential products designed for intensive daily use.

All products come with assembly instructions to facilitate the installation process. By choosing our pre-configured products, we will ensure competitive prices and the shortest production lead times – enabling your project to be delivered even more efficiently.
